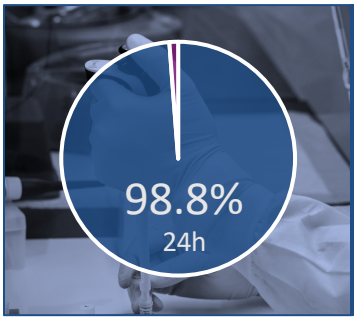
first wellness
TESTING FOR A HEALTHIER WORLD

Increased laboratory capacity for the film industry in Vancouver for COVID-19 PCR tests

A trusted global provider

We provide testing services in over 80 countries together with our strategic partners. We have delivered 150,000 private tests for the film industry in Canada. Our strategic partner is Omega Laboratories.



Fastest test results in the industry

We deliver 98.8% of our test results in less then hours of sample collected. Our private laboratories and integrated solutions ensure that results are prioritized to reach our clients in real time. First Wellness accommodates the dynamic schedules of the film industry to gather samples anywhere.

Secure and encrypted data

Results of the testing are automatically provided to employees and compliance officers through a secure IT system. Data is stored according to legislation and encrypted across all platforms. First Wellness can integrate with APIs and to most service apps in the industry.

Turnkey solution for COVID-19 testing

We take care of the entire chain of testing from start to finish

Logistics Planning → Sample Collection → Laboratory Testing → Reporting → Quarantine Management
